

AIR CURTAIN

AIR CURTAIN

WHAT IT'S FOR

The Air Curtain keeps clean areas free of dust using an invisible wall of air.

ADVANTAGES

- Easily installed, assembled and removed.
- Brackets can be custom-made
- Adjustable blade that can change the angle and velocity of air.
- Standardised design to normal doorways and entrances
- Walk and drive through with ease
- Horizontal or vertical discharge
- Noise and energy efficient design
- Noise and Energy efficient
- Prevents external or internal contamination

HOW IT WORKS

With an Air Curtain no physical barrier is required. A downward-facing blower fan creates an invisible barrier between two spaces.

APPLICATIONS

- Laboratories
- Pharmaceutical Manufacturing
- Heavy industry and mines
- Facilities with dangerous substances and heavy metals
- Cement factories
- Clean-room electronics
- Food Production
